

NH Foods Group Vision 2030

Unleash new potentials for protein

NH Foods Group will unleash new ideas beyond existing domains to expand new potentials for protein as the power of life. We will endeavor to create diverse dietary lifestyles so people can experience the *Joy of Eating* more freely, while ensuring a stable supply of food with respect to the environment and society.

Throughout its history, the NH Foods Group has given form to the *Joy of Eating* by responding to people's food needs, while also addressing social issues.

As Japan's biggest supplier of protein, the NH Foods Group recognizes the risk of supply problems in the future. We have already started to take up the new challenges of ensuring reliable supplies of protein, while considering the needs of the environment and society, and adapting to the diversification of lifestyles and food needs.
