**Notice of Product Standard Changes and Price Revisions**

NH Foods Ltd. (headquartered in Kita-ku, Osaka; headed by Yoshihide Hata, President and Representative Director) will sequentially change the standards for some products and revise delivery prices from April 1, 2023.

Prices of main raw materials for hams and sausages and processed foods, as well as secondary materials such as flour, are rising, and energy costs such as electricity, gas, and diesel fuel are continuing to rise. As a result, it is extremely difficult for corporate efforts to absorb the increased costs.

We will continue to make further efforts to deliver high-quality, safe, and reliable products to our customers. We appreciate your kind understanding.

Date of revision: Sequentially from April 1, 2023 (From March 1 only for frozen foods)

Details of revision: Changes in product standards and changes in delivery prices for consumer products, commercial-use products, and frozen foods
